

BIRTHDAY PACKAGE

Birthdays are deeply significant. They represent the passage of time, which is an important concept for children to grasp.

At Green Lane Nursery we value the importance of celebrating children's birthdays as it helps to establish a strong sense of identity within a child and it also helps establish a sense of belonging to their school environment.

When your child has a birthday at the nursery and trying to organise what treats to give to their peers can be sometimes challenging. So why not let us take that stress away from you!

At Green Lane we offer a birthday package that will not only make that day special for that child but also a memorable one.

Some parents and families may choose to keep birthday celebrations out of nursery which is absolutely fine! There is no obligation at all to have a celebration at Green Lane Nursery, but for some families they really enjoy the opportunity for a small celebration in the nursery. We are flexible!

The Birthday package includes:

- A birthday banner and balloon for that child will be displayed in the nursery for them.
- The child will get to wear a birthday badge with their age on it.
- A special birthday crown will be given to that child to wear during registration where the class will sing happy birthday to them.
- Healthy treats will be distributed to their peers, this could be from fruits, fruit bars, healthy crisps etc.
- End of the day a goody bag will be given to the birthday child to take home.

ALL THIS FOR ONLY £10!

If you are interested in the birthday package and would like to discuss the package in more detail please contact us on: **Tel: 07804 438 981** or
